TERMS These terms and conditions shall constitute the entire agreement between Impact and the purchaser, and shall be governed by and construed according to the laws of the state of California and the United States of America.

ORDERS All orders must be received in writing by fax, email, web or EDI. A purchase order number is required where applicable. Most orders will be shipped within ten working days after receipt of order. Special orders may take longer. All orders requiring rush delivery dates or special product packaging must be agreed upon prior to acceptance of order. No cancellations will be allowed on stock or custom orders once received by Impact. Invoice dating begins at time of shipping. Any quantity discount pricing applies to individual items and individual shipments only.

TRANSPORTATION Transportation costs are the responsibility of the buyer unless otherwise agreed upon. Shipping will be prepaid and included on the buyer's invoice. In the event of damage or loss in transit, note the damage on the delivery receipt or bill of lading with the driver. If unable to inspect the product at the time of delivery, write "Subject to Inspection" on the delivery receipt or bill of lading with the driver. In addition, Impact must be notified of any damage or loss in writing within seven (7) days of order receipt. Please include as much information as possible on your emailed notification to assist in freight claims. If "freight collect" is requested, the buyer will be responsible for filing a claim for loss or damage with the carrier, and payment must be made to Impact in full. Any non-standard shipping or delivery requirements must be noted at the time of order. Accessorial charges are the responsibility of the buyer.

RETURN OF GOODS No items are returnable without prior authorization from Impact. No returns will be considered after a period of thirty days has elapsed from the original shipment date. All goods must be accompanied by return goods authorization and/or return goods authorization number, which must be obtained from our Sales Department. No unauthorized returns will be accepted. Product will be shipped back to the purchaser at purchaser's expense.

The
**SPILL
HERO**TM
Solution

BY IMPACT ABSORBENTS, INC.

Who is the Spill Hero?

Let's be honest, we've all wanted to be a superhero at some point. The closest we usually get is going to the theater to catch the latest blockbuster.

But what if you had a chance to make a real difference? Not to save the world from some evil force but what if you could help prevent one person from slipping and sustaining a serious, potentially life-altering injury? Or what if you were the one to stop dangerous chemicals from entering a storm drain or water source and contaminating our precious planet?

The Spill Hero Solutions, from Impact Absorbents, are designed to help the Average Joe or Jill to make a real difference. They are custom-tailored spill response and prevention solutions that target the specific challenges you or your business face.

See, in a very real and practical sense, we can all be the hero, the Spill Hero. And the mask is optional!

XSORB TESTS & CERTIFICATIONS

Paint Filter Test No. 9095

XSORB has been tested and approved for disposal in hazardous landfills according to the Environmental Protection Agency's (EPA) Paint Filter Liquids Test, Method #9095, which determines the leaching or non-leaching characteristics of an absorbent. Waste disposed in hazardous waste landfills cannot contain free liquids. The EPA test results concluded that XSORB did not leach any of the absorbed liquids.

Dynamic Degradation & L-W Test

XSORB has been independently tested and approved for use on the Canadian waterways according to the Canadian General Standards Board's Dynamic Degradation & L-W Test which is used to determine the buoyancy and hydrophobic properties along with total saturation levels when applied to marine environments.

TCLP Test

XSORB has been tested and approved for disposal in landfills according to the Environmental Protection Agency's (EPA) Toxicity Characteristic Leaching Procedure (TCLP), which determines leaching rates and toxicity levels as required by numerous federal and state agencies.

Hydrocarbon Absorption from water filtered through XSORB

XSORB Select's ability to remove petroleum contamination from water through filtration was tested and rated at 99.4% removal. Independent testing was performed by Zymax Envirotechnology, Inc.

Abalone Larval Toxicity Test

XSORB has been tested and approved for use on the most sensitive waterways according to the Environmental Protection Agency's (EPA) Abalone Larval Development Short-Term Toxicity Test for Oil Spill Cleanup Agents. This test is to determine if the sorbent when used would be harmful to marine and animal life.

Static Electricity Generation

XSORB was tested and approved as a non-generator of static electricity by National Testing Standards, Inc. No ignition occurred nor was any evidence of static electric discharge observed.

Impact Absorbents

is proud to share our
recently updated
ECOLOGO®
certification for 2021

ECOLOGO standards offer environmental leadership and scientifically developed environmental sustainability criteria, reviewed and robustly vetted by multiple stakeholders.

All products certified to an ECOLOGO standard must meet or exceed each of the listed criteria before receiving the mark. ECOLOGO Certification is classified as an International Organization for Standardization (ISO) Type 1 ecolabel and has been successfully assessed by the Global Ecolabeling Network, further demonstrating its credibility.

**Look for the ECOLOGO
badge on qualifying

Three blends of Universal XsORB guarantee you will always be ready for any spill.

Sprinkle, mix and sweep away.

XsORB Universal Spill Clean-Up

Lightweight particulate leaves surfaces clean and dry. Absorbs up to 7 ½ times as much as clay. Clay is cheap to buy but expensive to use. Save time and money every time you use XsORB.

- Easily handles even tough spills such as oil, grease, or paint.
- FDA approved for use around food.
- Non-toxic and eco-friendly.
- Saves labor time and costs.
- Helps prevent slip and fall injuries.
- Not for use with hydrofluoric acid.

XsORB Universal

Item
XB111 • 1.82 qt. • 1 Bag • Absorbs up to ½ gal. • 9 oz. • Case of 6, 12 or 24
XB212 • 6 qt. • 1 Bag • Absorbs up to 1 gal. • 2 lb. • Case of 2, 4 or 8
XL37 • 6 qt. • 1 Bottle • Absorbs up to 1 gal. • 2 lb. • Case of 2, 4 or 8
XB110 • 2 cu. ft. • 1 Bag • Absorbs up to 8 gal. • 14 lb.
XC25 • 25 lb. box • Absorbs up to 14 gal.
XT16 • 4 gal pail • Absorbs up to 4 gal. • 6½ lb.
XD55U • 55 gal drum • Absorbs up to 58 gal. • 126 lb.

XsORB Outdoor All-Purpose Absorbent

This dry clean-up absorbs liquids on contact, making it easy to simply sweep spills away.

- Heavier formula stays down even in light windy conditions.
- Leaves surfaces completely dry and non-slippery.
- Easily handles even tough spills such as oil, grease, or paint.
- Non-toxic and eco-friendly.
- Absorbs 6 times more than clay.
- Not for use with hydrofluoric acid.

XsORB Outdoor All-Purpose

Item
XB111D • 1.82 qt. • 1 Bag • Absorbs up to ¼ gal. • 1.25 lb. • Case of 24
XB212D • 6 qt. • 1 Bag • Absorbs up to 1 gal. • 4 lb. • Case of 8
XL37D • 6 qt. • 1 Bottle • Absorbs up to 1 gal. • 4 lb. • Case of 8
XB25D • 1.75 cu. ft. • 1 BOPP Heavy Duty Bag • Absorbs up to 5 gal. • 25 lb.
XD6D • 6½ gal pail • Absorbs up to 4 gal. • 20 lb.
XD55D • 55 gal drum • Absorbs up to 33 gal. • 196 lb.

XsORB Edge Aggressive Scrubbing Absorbent

Clean up the toughest spills in a hurry with XsORB Edge Aggressive All-Purpose Absorbent. XsORB cuts through liquids, lifts them from the surface, and allows you to easily scrub away spills and stains such as synthetic oils, petroleum, hydraulic fluids and fuel spills.

- Heavier than Clay & DE, but a superior cleaner.
- Penetrates and lifts the spill.
- Aggressive scrubbing action.
- Passes the Slip Test.
- Leaves surfaces dry.
- Even cuts synthetic oil.
- Dark gray color.
- Not for use with hydrofluoric acid.

XsORB Edge

Item
XB30G • 1 Bag • Absorbs up to 4 gal. • 30 lb.

Specialty blends ensure you'll stay clean and safe no matter the type of spill.

Safely neutralize and absorb dangerous acids and caustics.

Easily remove oil from water

XSORB Acid Neutralizing Absorbent

XSORB Acid Neutralizer encapsulates acid spills quickly, neutralizing acid and reducing emission of toxic fumes. XSORB is ideal for absorbing spills such as muriatic, sulfuric and battery acid and will not leach or cause harm to the environment. Great for use in mechanic's shops or battery recovery stations.

Eco-friendly. Not for use with hydrofluoric acid.

XSORB Acid Neutralizer

Item
XB111N • 1.82 qt. • 1 Bag • Absorbs up to ½ gal. • 1 lb. • Case of 6
XB212N • 6 qt. • 1 Bag • Absorbs up to 1¼ gal. • 4 lb. • Case of 2
XL37N • 6 qt. • 1 Bottle • Absorbs up to 1¼ gal. • 4 lb. • Case of 2
XT16N • 4 gal. • 1 Pail • Absorbs up to 3¼ gal. • 12 lb.
XB110N • 1.75 cu. ft. • 1 Bag • Absorbs up to 7 ½ gal. • 20 lb.

XSORB Caustic Neutralizing Absorbent

XSORB Caustic Neutralizing Absorbent is specifically formulated to effectively clean up spills of organic and inorganic caustics. With proper use, the spill is not only absorbed for easy removal, but neutralized to pH levels that are within safe handling parameters.

Eco-friendly. Not for use with hydrofluoric acid.

XSORB Caustic Neutralizer

Item
XB111B • 1.82 qt. • 1 Bag • Absorbs up to ½ gal. • 1 lb. • Case of 6
XL37B • 6 qt. • 1 Bottle • Absorbs up to 1¼ gal. • 4 lb. • Case of 2
XT16B • 4 gal. • 1 Pail • Absorbs up to 3¼ gal. • 12 lb.
XB110B • 1.75 cu. ft. • 1 Bag • Absorbs up to 7 ½ gal. • 20 lb.

XSORB Select Oil-Only Absorbent

XSORB Oil Select repels water while absorbing up to 4 times its own weight in oil and petroleum-based liquids, leaving only clean water behind.

- Approved for oil spill clean up in the marine environment.
- Licensed as an oil spill cleanup agent by California Dept. of Fish and Game.
- Use on waterways, holding ponds, contaminated barrels, sumps, and more.
- Absorbs four times its weight.
- Non-toxic and earth friendly.
- Not for use with hydrofluoric acid.

XSORB Oil Select

Item
XB111S • 2 L Bag • Absorbs up to ½ gal. • 1 lb. • Case of 24
XB110S • 1.75 cu. ft. • 1 Bag • Absorbs up to 6 gal. • 12 lb.
XD55S • 55 gal Drum • Absorbs up to 48 gal. • 115 lb.

Ever Wonder What to Do with Your Unused Paint?

Solidify It!

Rock Solid® Paint Hardener

Landfills will not accept paints in liquid form. Xsorb Rock Solid Paint Hardener is the best environmental option for quick, easy and safe disposal. Just add to paint and shake or stir. Paint thickens into a disposable solid within minutes. Dispose in accordance with local regulations. Great for spills, too.

- Use on all water-, latex- and oil-based paint to simplify disposal.
- Paint formula, age, and impurities all affect the amount of product required.
- Decreases disposal costs.
- Non-Toxic and Eco-Friendly.

Rock Solid Paint Hardener

Item
XB01R • .91 qt. • 1 Bag • Absorbs up to 1½ gal. • ½ lb. • Case of 12
XB111R • 1.82 qt. • 1 Bag • Absorbs up to 3 gal. • 1 lb. • Case of 12
XT16R • 4 gal. • 1 Pail • Absorbs up to 25 gal. • 15 lb.
XB110R • 2 cu. ft. bag • Absorbs up to 38 gal. • 23 lb.

Xsorb® Plus

This all new, unique, engineered blend turns difficult liquid waste into solid waste for easier disposal. It cuts disposal costs by producing less weight and bulk than other absorbents.

Absorbs even tough spills such as emulsified oils, biologically hazardous waste, toxic waste water, or hazardous material spills.

Currently used by oil refineries, nuclear power plants, haz-mat response teams, facilities using hazardous or toxic chemicals, and many others.

Non-leaching.
Not for use with
hydrofluoric acid.

Xsorb Plus

Item
BK02 • 2 oz. • 1 Bag • Absorbs up to 23 oz. • Case of 24
XB111P • 1.82 qt. • 1 Bag • Absorbs up to 1½ gal. • 1 lb. • Case of 6
XL37P • 6 qt. • 1 Bottle • Absorbs up to 3¾ gal. • 2.5 lb. • Case of 2
XB110P • 1.75 cu. ft. • 1 Bag • Absorbs up to 33 gal • 22 lb.

Xsorb® Plus with Disinfectant

Instantly contains, absorbs and disinfects. Absorbs even tough spills such as blood and other biologically hazardous waste while treating the spill with a powerful disinfecting agent. Kills bloodborne pathogens on contact.

Cuts disposal costs by producing less weight and bulk than other absorbents.

Currently used by schools, hospitals, transportation facilities, and many others.

Non-leaching. Not for use with hydrofluoric acid.

Xsorb Plus w/ Disinfectant

Item
BK02C • 2 oz. • 1 Bag • Absorbs up to 23 oz. • Case of 24
XB111PC • 1.82 qt. • 1 Bag • Absorbs up to 1½ gal. • 1 lb. • Case of 6
XL37PC • 6 qt. • 1 Bottle • Absorbs up to 3¾ gal. • 2.5 lb. • Case of 2
XB110PC • 1.75 cu. ft. • 1 Bag • Absorbs up to 33 gal • 22 lb.

Biofresh® Absorbent with Disinfectant

Biofresh easily cleans up biohazard accidents such as vomit, blood and other body fluids while treating the spill with a powerful disinfecting agent. This lightweight hand-held canister makes for easy application.

Safe-to-use, Biofresh is a specially engineered encapsulator designed to instantly contain, absorb, help disinfect liquids on contact. Biofresh turns contaminated liquid waste into solid waste for fast and easy disposal, while leaving the surface clean and dry.

Non-leaching.
Not for use with
hydrofluoric acid.

See page 15 for our
Biofresh Spill Kit

Biofresh with Disinfectant

Item
XN09PC • Absorbs up to ½ gal. • .5 lb. • Case of 9

Stop that spill in its tracks with Universal Sorbents

FiberLink® Universal Premium Socks

FiberLink Absorbent Socks are ideal for surrounding water or oil-based spills. Our socks contain the highest quality, 100% polypropylene fill wrapped in a durable spunbond sleeve. Available in 4 ft. and 8 ft. lengths. All FiberLink Socks are also available with caution orange or hazmat yellow skin. (see page 10)

FiberLink Universal Premium Socks

Item
PSU34-4 • 3" x 4' • 4 socks/box • Absorbs up to 5 gal./box • 4 lb
PSU34-10 • 3" x 4' • 10 socks/box • Absorbs up to 12½ gal./box • 10 lb.
PSU34-20 • 3" x 4' • 20 socks/box • Absorbs up to 25 gal./box • 20 lb.
PSU34-40 • 3" x 4' • 40 socks/box • Absorbs up to 50 gal./box • 40 lb.
PSU38-4 • 3" x 8 • 4 socks/box • Absorbs up to 10 gal./box • 12 lb.
PSU38-10 • 3" x 8 • 10 socks/box • Absorbs up to 25 gal./box • 30 lb.

FiberLink Pillows

Item
PWU818-10 • 8" x 18" • 10 pillows/box • Absorbs up to 6 gal./box • 7 lb.
PWU1212-10 • 12" x 12" • 10 pillows/box • Absorbs up to 6 gal./box • 7 lb.
PWU1818-3 • 18" x 18" • 3 pillows/box • Absorbs up to 3 ¾ gal./box • 6 lb.

FiberLink Universal Pillows

FiberLink Pillows have the same highly absorbent fill as our FiberLink Absorbent Socks and fit easily into tight areas. Available in three sizes to meet your needs.

FiberLink® Universal Rolls

FiberLink Universal Rolls are perfect to catch leaks, drips and spills of solvents, oils, water, even acids. Available in medium and heavyweight thicknesses, our universal rolls feature dimples for added strength and perforations for easy tearing to the size you need.

FiberLink Universal Rolls

Item
PRUB9 • Medium-weight • 30"W x 150'L • 1 roll • up to 26 gal./roll • 20 lb.
PRUB12 • Heavyweight • 30"W x 150'L • 1 roll • up to 30 gal./roll • 22 lb.
PRUB915 • Medium-weight • 15"W x 150'L • 1 roll • up to 13 gal./roll • 10 lb.
PRUB1215 • Heavyweight • 15"W x 150'L • 1 roll • up to 15 gal./roll • 11 lb.

FiberLink Universal Absorbent Pads

FiberLink Universal Pads absorb both water- and oil-based liquids. Effective and easy to use, our universal absorbent pads are available in three thicknesses so you choose the absorbency and durability that fits your needs. Lightweight for everyday spills, medium weight when you need a little more and heavyweight that meets the toughest demands.

FiberLink Universal Pads

Item
PPUB6 • Lightweight • 15" x 18" • 200 pads/bale • Absorbs up to 18 gal./bale • 14 lb.
PPUB6D • Same as PPUB6 • Dispenser Box • 15 lb.
PPUB9 • Medium-weight • 15" x 18" • 100 pads/bale • Absorbs up to 13 gal./bale • 11 lb.
PPUB9D • Same as PPUB9 • Dispenser Box • 12 lb.
PPUB12 • Heavyweight • 15" x 18" • 100 pads/bale • Absorbs up to 15 gal./bale • 14 lb.
PPUB12D • Same as PPUB12 • Dispenser Box • 15 lb.

Stay on Track with Universal Sorbents

Railroad Absorbent Rolls

Tough, durable railroad mat is a heavy, oil-only absorbent barrier product produced by ultrasonically bonding three layers of material together. The top layer is a black UV stabilized needle punched polypropylene. The second layer is constructed from high strength blue melt blown poly and the base layer is heavy plastic.

- Specially designed for rail-specific applications, sorbency and spill protection at railroad tracks
- Meltblown polypropylene core with highly absorbent inner layer
- Needle-punched felt top layer provides exceptional strength and durability
- Plastic backing adds durability and chemical resistance and prevents the escape of liquids into the ground.

Helps rail operations comply with 29 CFR 263.120(j)(1) and 40 CFR 263.31.

Railroad Absorbent Rolls

Item
PRSN58 • Heavyweight • 58" x 80' • 50 lb. • absorbs up to 75 gal.
PRSN19-2 • Heavyweight • 19" x 80' • 33 lb. • absorbs up to 50 gal.

Grease Police™ Poly Backed Mats

Grease Police Poly Backed Mats catch oil leaks under vehicles and equipment. They protect work benches, floors and entryways by absorbing and holding any liquid. They keep arts and crafts work stations clean. Great for pet training.

- Impermeable moisture barrier.
- Soft to the touch yet durable.
- Quick and easy to use.
- Can be cut to fit.

Grease Police Poly Backed Mats

Item
PMUP36 • Heavyweight • 36" x 36" • 3 lb.

Environmentally Friendly Sorbent Choices

ColdForm Universal and Oil-Only Sorbents

Raising the bar on quality is an ongoing commitment. In the more than eight years since the launch of ColdForm — the industry's first high performance oil-only and universal alternative sorbent line, it has been continually improved.

This latest version is also earth-friendly, largely non-oil-based and made from American-grown renewable and recycled resources — not virgin scraps picked up off the factory floor and recycled.

Some very unique, hi-tech processes and eco-friendly chemistry have been introduced across the entire line, resulting in significant performance upgrades.

ColdForm Universal Pads

Item
CFPUB12 • Heavyweight • 16" x 18" • 100 pads/bale • Absorbs up to 23 gal./bale • 13 lb.

ColdForm Oil-Only Pads

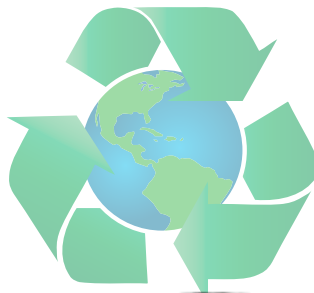

Item
CFPSB12 • Heavyweight • 16" x 18" • 100 pads/bale • Absorbs up to 26 gal./bale • 12 lb.

Recycled Universal and Oil-Only Pads

Soak it up.
Advanced technology expands the fibers to give you more surface area for increased absorption speed and capacity.

Conforming to the curve.
Spills and waste come in all shapes and sizes. You need a flexible product that lets you clean up fast without the worry of escaped waste. No matter how irregular the shape, our pads can take the abuse -crumple it into pipe fittings, wrap it around hoses, wipe down barrels- it conforms to the shape you need.

- Preliminary product testing shows capacity of up to 18x pad weight (2 gallons per pound of material).
- A faster absorption rate than similar sorbent pads means you're cleaning up faster.
- All our pads are flame retardant due to pre and post-consumer polypropylene content.

Recycled FiberLink & FiberDuck Pads

Item
RPPUB12 • Universal • Heavyweight • 15" x 18" • 100 pads/bale • Absorbs up to 28 gal./bale • 14 lb.
RPPSB12 • Oil-Only • Heavyweight • 15" x 18" • 100 pads/bale • Absorbs up to 28 gal./bale • 14 lb.

Make Spills More Visible with Caution Colored XSORB® and FiberLink® Products.

XSORB Universal Socks & Pillows

Socks and pillows filled with XSORB Universal mold against barrels, crates, machinery or refrigeration units to trap leaks and drips. Place along the edge of shelving or machinery to absorb seepage from spills which have spread underneath and are unreachable. Absorb overspray and block spills from sensitive areas such as drains and walkways.

XSORB Socks & Pillows

Item
XS24-10 • 3" x 4' • 10 Socks/Case • Yellow • Absorbs up to 12½ gal./case • 18 lb.
XS310-4 • 3" x 10' • 4 Socks/Case • Yellow • Absorbs up to 12½ gal./case • 18 lb.
XPU818-10 • 8" x 18" • 10 Pillows/ Case • Gray • Absorbs up to 8½ gal./case • 12 lb.
XPU1824-3 • 18" x 24" • 3 Pillows/Case • Gray • Absorbs up to 8½ gal./case • 12 lb.

FiberLink Caution Orange Socks

FiberLink Caution Orange Socks stop spills from running, protect sensitive areas such as drains and walkways, and mold around barrels or machinery to trap leaks and drips. Their bright orange color ensures spills are clearly visible and easily avoided.

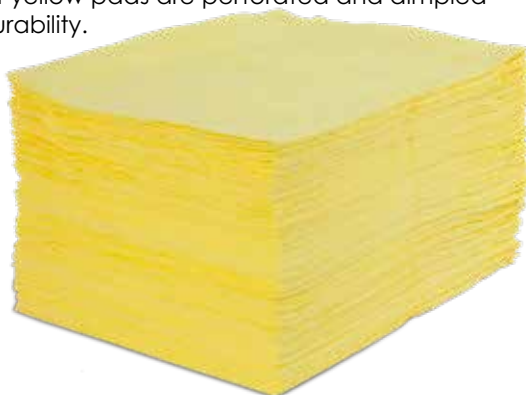

FiberLink Caution Orange Socks

Item
PSO34-4 • 3" x 4' • 4 socks/box • Absorbs up to 5 gal./box • 4 lb.
PSO34-10 • 3" x 4' • 10 socks/box • Absorbs up to 12½ gal./box • 10 lb.
PSO34-20 • 3" x 4' • 20 socks/box • Absorbs up to 25 gal./box • 20 lb.
PSO34-40 • 3" x 4' • 40 socks/box • Absorbs up to 50 gal./box • 40 lb.

FiberLink Hazmat Yellow Pads

When visibility counts, our Hazmat Pads make the grade. Hazmat pads hold up against aggressive liquids. Heavyweight yellow pads are perforated and dimpled for added durability. Yellow color helps serve as a marker to identify caution areas.

FiberLink Hazmat Yellow Pads

Item
PPHB10 • Heavyweight • 15" x 18" • 100 pads/bale • Absorbs up to 15 gal./bale • 9 lb.
PPHB10D • Same as PPHB10 • Dispenser Box • 11 lb.

FiberLink Hazmat Yellow Socks

FiberLink Hazmat Absorbent Socks are the ultimate in hazardous liquid clean up. Our super absorbent poly fill is encased in a highly visible yellow outer skin. Available in 4 ft. and 8 ft. lengths.

FiberLink Hazmat Yellow Socks

Item
PSH34-4 • 3" x 4' • 4 socks/box • Absorbs up to 5 gal./box • 4 lb.
PSH34-10 • 3" x 4' • 10 socks/box • Absorbs up to 12½ gal./box • 10 lb.
PSH34-20 • 3" x 4' • 20 socks/box • Absorbs up to 25 gal./box • 20 lb.
PSH34-40 • 3" x 4' • 40 socks/box • Absorbs up to 50 gal./box • 40 lb.
PSH38-4 • 3" x 8' • 4 socks/box • Absorbs up to 10 gal./box • 12 lb.
PSH38-10 • 3" x 8' • 10 socks/box • Absorbs up to 25 gal./box • 30 lb.

FiberDuck® Sorbents are Perfect for Removing Oil from Water

FiberDuck Oil-Only Socks

FiberDuck Oil Absorbent Socks are just the thing to absorb oil- or petroleum-based spills on water or off. Remarkable material stays floating even when fully saturated! Convenient and effective, FiberDuck Oil Absorbent Socks are available in both 4 and 8 ft. lengths.

FiberDuck Socks

Item
PSS34-4 • 3" x 4" • 4 socks/box • Absorbs up to 5 ½ gal./box • 4 lb.
PSS34-10 • 3" x 4" • 10 socks/box • Absorbs up to 14 gal./box • 10 lb.
PSS34-20 • 3" x 4" • 20 socks/box • Absorbs up to 28 gal./box • 20 lb.
PSS34-40 • 3" x 4" • 40 socks/box • Absorbs up to 56 gal./box • 40 lb.
PSS38-4 • 3" x 8" • 4 socks/box • Absorbs up to 11 gal./box • 12 lb.
PSS38-10 • 3" x 8" • 10 socks/box • Absorbs up to 27 ½ gal./box • 30 lb.

FiberDuck Oil-Only Booms

FiberDuck Oil Absorbent Booms are perfect for absorbing oil and related products from the water's surface. Unsinkable booms include ropes and hooks for linking over large areas and are netted for extra strength. UV protection prevents rapid deterioration. Ten foot lengths available in 5" and 8" diameters.

FiberDuck Booms

Item
PBS510-4 • 5" x 10' • 4 booms/bale • Absorbs up to 25 gal./bale • 20 lb.
PBS810-4 • 8" x 10' • 4 booms/bale • Absorbs up to 45 gal./bale • 36 lb.

FiberDuck Oil-Only Pillows

FiberDuck Oil Absorbent Pillows contain leaks and absorb drips that are too large for a pad. Available in two sizes.

FiberDuck Pillows

Item
PWS818-10 • 8" x 18" • 10 pillows/box • Absorbs up to 8 gal./box • 7 lb.
PWS1818-3 • 18" x 18" • 3 pillows/box • Absorbs up to 3 ¾ gal./box • 6 lb.

FiberDuck Oil-Only Pads & Rolls

FiberDuck Oil Absorbent Pads and Rolls are designed to absorb oil while repelling water in either the work environment or on water. Perfect for marine spills, these products float as they absorb. Brilliant white color is easily seen on water.

Pads are available in three weights: light, medium and heavy. Rolls are available in two weights: medium and heavy.

FiberDuck Oil-Only Rolls can be cut for just the right size for the job. They can be quickly rolled to create barriers for running spills or to absorb seepage along the edge of equipment.

Heavyweight Static Resistant Pads are constructed from a single layer of meltblown polypropylene fibers that have been combined with a static-resistant additive.

FiberDuck Oil-Only Pads

Item
PPSB6 • Lightweight • 15" x 18" • 200 pads/bale • Absorbs up to 18 gal./bale • 12 lb.
PPSB6D • Same as PPSSB6 • Dispenser Box • 13 lb.
PPSB9 • Medium-weight • 15" x 18" • 100 pads/bale • Absorbs up to 13 gal./bale • 9 lb.
PPSB9D • Same as PPSSB9 • Dispenser Box • 10 lb.
PPSB12 • Heavyweight • 15" x 18" • 100 pads/bale • Absorbs up to 15 gal./bale • 10 lb.
PPSB12D • Same as PPSSB12 • Dispenser Box • 11 lb.
PPSA12-25 • Anti-Static • 16" x 20" • Absorbs up to 8 gal./bale • 4 lb.
PPSA12-50 • Anti-Static • 16" x 20" • Absorbs up to 16 gal./bale • 8 lb.

FiberDuck Oil-Only Rolls

FiberDuck® Bilge/Sump Booms

FiberDuck Bilge/Sump Booms are an easy and economical way to clean water in sumps or reduce contamination from bilge discharge. Designed to work while floating, Bilge Booms repel water indefinitely and are safe and simple to use.

FiberDuck Bilge/Sump Booms

Item
PBS515-20 • Bilge/Sump Boom • Rope Loop • 5" x 15" • 20 Booms/Case • Absorbs up to 25 gal./case • 16 lb.
PBS818-12 • Sump Skimmer Boom • 8" x 18" • 12 Booms/Case • Absorbs up to 20 gal./case • 20 lb.

XsORB Select Bilge Booms

Don't be caught discharging contaminated bilge. XsORB Bilge Booms remove all petroleum-based products from the boat's bilge, leaving only clean water behind.

Licensed as an oil spill cleanup agent by the California Department of Fish and Game.

XsORB Bilge/Sump Booms

Item
XNBBS-12 • Bilge/Sump Boom • Rope, netting and loops • 6" x 15" • 12 Booms/Case • Absorbs up to 12 gal./case • 12 lb.

XsORB Select Bi-Booms & Tri-Booms

XsORB Booms remove all petroleum-based products in the marine environment, including waterways, holding ponds, boating areas, contaminated barrels, sumps, and more, leaving only clean water behind. Constructed of XsORB socks, rope, netting and hooks for easy deployment and disposal.

Licensed as an oil spill cleanup agent by California Dept. of Fish and Game.

Non-toxic and environmentally friendly.

Double-boom absorbs 20 quarts.

Triple-boom absorbs 30 quarts.

XsORB Select Bi-Booms & Tri-Booms

Item
XNB210S-2 • 5" x 10' • 2 Booms/Bale • Absorbs up to 10 gal./bale • 15 lb.

Spill Hero Retail Store Spill Kit

The Spill Hero Retail Spill Kit contains all the items needed to clean up a variety of food, drink and product spills such as lotion, bath oil, coffee, smoothies, olive oil and more. The spill kit also contains a biohazard kit for safe and easy clean up of vomit, blood and other body fluids.

Spill Hero Retail Store Spill Kit

Item
XKPBRU • (1) 2 L Bag Xsorb absorbent • (1) Mini dust pan & brush • (2) pairs nitrile gloves • (2) Trash bags • (1) Biohazard Kit

Spill Hero Mini Spill Kit

The Spill Hero Mini Spill Kit is the economy version of our popular Retail Spill Kit. It is both smaller and more value-focused. It can be stored nearly anywhere due to it's small size and can be easily re-stocked from master cartons. It will easily handle smaller spills like coffee, soda, cleaners and other items from small containers.

Spill Hero Mini Spill Kit

Item
XKUE • (1) 2oz. pouch Xsorb Plus absorbent • (2) 7" Floor Safety Pads • (1) Mini dust pan & brush • (2) pairs nitrile gloves • (1) Trash bag

React Quickly to Hazards with our Spill Response Products.

FiberLink® Socks & Pads in Wall Dispenser Boxes

Have spill clean-up supplies at your fingertips in this convenient wall-mountable dispenser.

Universal gray industrial pads and socks hide grease and grime. Caution yellow universal pads and socks alert customers of a spill clean-up in progress and potential slip and fall hazards.

FiberLink socks quickly surround spills, keeping them from spreading to drains and other sensitive areas. Catch drips and leaks from forklifts, trucks and other equipment. Perfect for use in kitchens, store aisles and check out stands. Absorb seepage from freezers and gondolas.

FiberLink pads are great for use on work benches and for catching drips and leaks from forklifts, trucks and freezers. Perfect for use in kitchens, delis and at check out stands. Clean up soda and coffee spills in a flash.

Wall Dispenser Boxes

Item
PPUB6W • FiberLink Gray Medium-weight Universal Pad • 25 /Box • 4 lb.

Pocket Safety Cones

Our Pocket Safety Cones are the first line of defense against slip and fall accidents. They easily fit in the pocket of your smock or apron and can be deployed quickly. English, Spanish and French.

Pocket Cones

Item
K8025-12 • Case of 12 • 4 lb.

Floor Safety Pads

The speed and efficiency of the clean up process is critical to ensuring a safe, accident-free shopping and work environment.

This patented cellulose pad is packed with super absorbent polymers (SAP).

It's highly visible Safety Orange backing provides an alert to a hazard.

Each package of Floor Safety Pads will absorb the equivalent of 60 standard paper towels. Imagine using one pad to clean up a spill it would normally take 12 paper towels to clean up. Manufactured to fit into workers' aprons or pockets. The quick and easy solution for milk, juice, coffee, soda and other liquid spills.

One little Hero is all you need!

- Ideal for on the go liquid clean-ups
- One pad absorbs up to 16 ounces
- Absorbs liquid spills in seconds leaving your floors clean and dry
- Absorbs common liquid spills like soda, water, coffee, and juice
- Reduces unattended spills to retrieve supplies

Floor Safety Pads

Item
PQHPPM-536 • Each pad is 6.75" x 7" • Absorbs up to 16 oz. per pad • Case of 536

Biofresh Super Absorbent with Disinfectant

Biofresh easily cleans up biohazard accidents such as vomit, blood and other body fluids while treating the spill with a powerful disinfecting agent.

Safe-to-use, Biofresh is a specially engineered encapsulator designed to instantly contain, absorb, and help disinfect liquids on contact. Biofresh turns contaminated liquid waste into solid waste for fast and easy disposal, while leaving the surface clean and dry.

Non-leaching. Not for use with hydrofluoric acid.

Biofresh Disinfecting Super Absorbent

Loading docks and storage areas have the maximum possibility for severe slip and fall accidents. Unfortunately these areas are more than often overlooked in the facility's floor maintenance or the general slip and fall programs.

Protect your employees, distributors, and wholesalers from injury. Minimize your liability and insurance cost. When a spill happens be prepared to immediately deal with the hazard.

Perfect for gas stations, construction sites, transportation centers, fleet services and manufacturing facilities.

Prepare for Drum, Tank and Drain Protection

Absorbent Drum Cover Pads

- Made of sturdy, dimpled, heavyweight poly material.
- Designed to absorb leaks and drips from storage drum pumps and faucets.
- Pump perforation allows easy fit and removal from standard drum tops.
- 22 inch diameter.
- Case of 25 pads.

Drum Funnels

This 18" wide drum funnel fits both 55 and 30 gallon drums. Sides walls that are 6" high reduce spashing. The spout fits any 2" NPT bung. Also available with brass screen (Model J1662) to strain small parts.

The optional funnel cover (Model J1664) keeps out dirt and contaminants.

Compliance: EPA 40 CFR 265.173

Barrel Patch Safety-Seals

Barrel patch safety-seals help you out when you have a damaged drum. They quickly patch the drum allowing you to contain the spill.

- 5 x 7 inch leakproof patch.
- Tough nylon belt fits around 55 gallon drum.
- Easy-to-use, ratcheting buckle ensures a tight seal.
- Simply place over barrel, align patch over leak and tighten.
- Cleans easily with soap and water.

Universal Drum Cover Pads

Item
PDUB22 • 22" Diameter • 25/case • Absorbs 9 gal. per case

Oil-Only Drum Cover Pads

Item
PDSB22 • 22" Diameter • 25/case • Absorbs 9 gal. per case

Drum Funnels

Item
J1660 • Drum Funnel • 18" x 7" • 6.5 lb.
J1662 • Drum Funnel with Screen • 18" x 7" • 6.5 lb.
J1664 • Drum Funnel Cover • 18.5" x 5" • 3 lb.

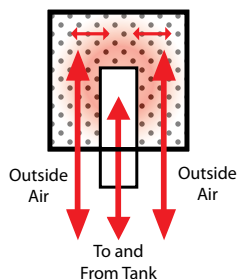

Barrel Patch

Item
J2060 • 5" x 7" area • Re-Useable

Safe Solutions™ Fuel Tank Breather Prevents Generator Failure

Tank corrosion and fuel contamination are costly yet preventable problems. Save time and money by preventing generator failure due to contaminated fuel. The Safe Solutions Tank Breather prevents corrosion and chemical reactions within the tank by cleaning and drying the entering air.

- Keeps tank contents pure and ready for use.
- Minimizes maintenance costs.
- Color change indicates when the filter needs to be changed.

Safe Solutions™ Tank Breather

Item
T6000 • 1 Tank Breather • Overall: 6.63" O.D. x 8.31" Ht. • Vent: 2" I.D. / 2.31" O.D. / 2.13" Ht. • 10 lb.
T6000R • Tank Breather Refill • 1 1/2 lb.

Plug 'n Dike Patching Compound

- Seals off leaks of fuels, solvents and many other chemicals.*
- Immediately sticks to most surfaces, including dented and dirty drums with leaking fluid.
- No surface prep required.
- Will plug up to three feet of head.
- Non-toxic.
- Non-flammable.
- Easy to use.

*Not recommended for some chemicals or biofuels.

Plug 'n Dike

Item
J3500-8 • Pre-Mixed Patching Compound • 10 oz. Jar • 1.85 lb. • 8/case

Ask About Our Entire Spill Containment Line

Lab Packs are for use with smaller non-damaged bottles, cans, carboys and 5 gallon pails of non-leaking hazardous materials. If leaking, must pack with sufficient sorbents. - NO FREE LIQUIDS.

Over Packs are for use with larger non-damaged containers, cans and drums of non-leaking hazardous materials. If leaking, must pack with sufficient sorbents. - NO FREE LIQUIDS.

Salvage Drums are for use with damaged or leaking containers of hazardous materials or used absorbent materials contaminated with a hazardous substance. Require "Salvage Drum" labeling and must pass a 3-PSI pressure test.

H J1689 • Poly Pallet Ramp • 45½" x 32" x 8" • 32 lb. • 1,500 lb. capacity

Drums and Containers

Item
I J1601MB • 30 gal LabPack • 21" x 16¾" x 28½" • 18 lb.
J J1654 • 20 gal Salvage Drum • 21" x 16¾" x 20½" • 16 lb.
K J1665 • 65 gal Salvage Drum • 31" x 26" x 39" • 53 lb.
L J1695 • 95 gal Salvage Drum • 31" x 26" x 44½" • 58 lb.

Utility Trays

Heavy-duty polyethylene construction — will not rust or corrode. Ribbed bottom keeps cans, pails and other containers elevated above small spills or leaks. Use for storage/spill containment for leaky machine parts or equipment. Place under trucks or other large vehicles to capture leaks/spills from engines, hydraulics, or other lubricated parts. Nestable for easy storage when not in use.

Utility Trays

J1031 • 16¼" x 52¼" x 5" • 12 gal. • 8 lbs.

J2370

Protect our Water from Hazardous Liquids Spills.

Drain Protectors®

The new DrainProtector II Safety Seal is constructed of solid polyurethane with no reinforced fillers, making it lightweight and durable. Tacky on both sides means either side can be used to form a tight seal. This chemically resistant product is perfect for emergency chemical spills and is environmentally safe.

Drain Protectors

Item
J2018 • Square • 18" x 18" • 4 lb.
J2024 • Square • 24" x 24" • 7 lb.
J2036 • Square • 36" x 36" • 15 lb.
J2042 • Square • 42" x 42" • 20 lb.
J2048 • Square • 48" x 48" • 26 lb.
J2054 • Square • 54" x 54" • 34 lb.
J2012R • Round • 12" Diameter • 2 lb.
J2020R • Round • 20" Diameter • 5 lb.
J2030R • Round • 30" Diameter • 10 lb.
J2042R • Round • 42" Diameter • 17 lb.

Spill Berms

Portable berms are designed to fulfill the need for compact and rugged spill containment. Stowed behind the truck seat or in the cab of most equipment, a portable spill berm is readily available to catch unexpected leaks and spills.

Durable polymer material construction enhanced with a special coating withstands and remains useable at temperatures as low as -65°F and as high as 130°F.

Spill Berms

Item
J8215 • 2' x 2' x 6" • 2½ lb. • Contains 15 gallons
J8234 • 3' x 3' x 6" • 4 lb. • Contains 34 gallons
J8260 • 4' x 4' x 6" • 5½ lb. • Contains 60 gallons
J8294 • 5' x 5' x 6" • 7 lb. • Contains 94 gallons

Conical Plugs

Protect Drains Instantly

- Conical plug safety seals.
- Prevents spills from entering circular drains.
- Tough, chemical resistant urethane forms a tight seal
- Easy to install and remove.
- Conical plugs can remain in the drain as a proactive spill prevention method or removed when the drain is needed.
- Cleans easily with soap and water.

Conical Plugs

Item
J2550 • Conical Plug 2", 3" and 4" • Set of 3 Plugs • 8 lb.

Ultra-GutterGuard®

Keep sediment and other debris out of curb inlets.

GutterGuard's built-in overflow ports allow water to pass through during major rainfall events. Made of 100% recycled materials.

GutterGuards can be reused - simply remove, clean and store properly until needed again.

Ultra-GutterGuard

Item
J9320 • 9" Dia. x 8'L • Compliance: 40 CFR 122.26
J9321 • 9" Dia. x 10'L • Compliance: 40 CFR 122.26
J9322 • 9" Dia. x 12'L • Compliance: 40 CFR 122.26

Ultra-DrainGuard® and Ultra-DrainGuard Recycled

Keep oil, sediment and other pollutants from entering the water system with Ultra-DrainGuard catch basin inserts. Superior water flow rate together with built-in overflow ports prevents ponding and flooding.

Ultra-Drain Guards remove waste from stormwater before it can become a problem in the water system.

Recycled DrainGuard is made completely out of X-TEX material.

Ultra-DrainGuard

Item
J9217 • 48"L x 36"W x 18"H • 1 lb. • Oil: Up to .87 gal., Sediment: Up to 40 lb.
J9378 • 48"L x 36"W x 18"H • 1 lbs. • Oil: Up to 1.26 gal., Sediment: Up to 40 lb.

Ultra-DrainGuard® Ultimate

The ultimate catch basin insert removes dirt, sediment, hydrocarbons and reduces harmful bacteria.

The same hydrocarbon and sediment removal capabilities as the Ultra-DrainGuard, Oil & Sediment Plus Model but with additional bacteria reducing properties.

1.5" x 20" strips of X-TEX AM (Antimicrobial) hang from the bottom of the Drain Guard and become immersed in standing catch basin water, allowing contact with destructive bacteria.

Ultra-DrainGuard Ultimate Model

Item
J9376 • 48"L x 36"W x 18"H • 3 lb. • Oil: Up to 1.57 gal., Sediment: Up to 40 lb.

Protect Your Roof From Grease Damage and Fire.

Like it or not, grease happens.

Right over your head, right now: Fats, oil and grease (FOG) may be destroying your roof and creating a real fire hazard.

And after it's done there, FOG will typically make its way into your drains, creating even more problems for you. With more cities and states passing legislation aimed at protecting storm drains, you may be liable for expensive fines.

With the revolutionary Grease Catcher, you can protect your kitchen roof from damage or fire by automatically catching and absorbing grease and oils that drip from your kitchen exhaust fan.

Our amazing pillows absorb grease and oils that drip from your kitchen exhaust fan. These pillows are hydrophobic, fireproof and adhere to EPA standards for absorbents. Once captured, grease and oils will not leach out, even when soaked with rain or snow.

Why have this?

When you can have this!

Traps FOG in fireproof absorbent pillows

Protects roof from damage and fire

Easy to install and simple to maintain

Adheres to the EPA standards

Compliant with governmental regulations

Item
G1000 • Complete Grease Catcher System including pillows
G2000 • Complete Grease Catcher System excluding pillows
G5000 • 16" x 16" Tray with Cross Bar
G5010 • 4.5" x 16" Box
G5015 • 4.5" x 16" Box with XPFG616S Pillow
XPFG616S • Box Grease Pillow • Case of 2
XPFG1616S • Tray Grease Pillow • Case of 2

What makes XSORB the Best?

Is XSORB Super Absorbent safe?

- XSORB is non-toxic and environmentally friendly. It meets FDA guidelines for use around food and USDA requirements for use as an absorbent or anti-slip agent on floors. It is also ECOLOGO® certified.

What is ECOLOGO certification?

- ECOLOGO® is a division of UL which helps companies to demonstrate safety, enhance sustainability, strengthen security, deliver quality, manage risk and achieve regulatory compliance. ECOLOGO® Certified products, services and packaging are certified for reduced environmental impact.

What happens to the liquids absorbed by XSORB?

- XSORB has been certified as a non-leaching material. This means it will not biodegrade and release it's contents back into the ground. Other absorbents break down over time and their contents leach back into the environment.
